

AN INVITATION From Children's Health Foundation

Greetings to all Mocha Shriners!

On September 27, 2011, the New Children's Hospital in London officially opened its doors. This is a significant achievement for our community, and the Mocha Shriners, through your support of the Mocha Shriners Paediatric Orthopaedic Telemedicine Service (MSPOTS), have played a significant role.

We realize that only a few of your members were able to attend the official opening celebration on September 27th. So, for that reason we would like to invite you to a special presentation for Mocha Shriners only:

**Thursday, November 24, 2011
10:00 am to 12:00 noon
North Tower Amphitheatre B2-119
London Health Sciences Centre**

Please RSVP by **Wednesday, November 23, 2011** to event@childhealth.ca or by phone at **519-432-8062 ext. 141**.

Upon receiving your RSVP, we will send a confirmation with parking instructions.

You will have the opportunity to see the project you have supported – MSPOTS – and the Shriners' mural made possible by the generous donation of Mrs. Dorothy Palmer in honour of her husband, John Palmer. We will be sure to point out some other wonderful highlights of the new Children's Hospital on your personalized tour. A video of the hospital opening will be shown and light refreshments will follow.

We want to see as many Shriners as possible on your special day! **Your Potentate has asked that all Shriners attending wear their fezzes for the event.**

Together, we are Raising Hope® for children and their families in London and southwestern Ontario.

We look forward to celebrating with you!
